DEVELOPING NEW WEB PAGES

Designed and developed responsive and attractive web pages using HTML, CSS, and JavaScript as part of academic and personal projects. Focused on clean coding practices, UI/UX improvement, and cross-device compatibility.
Currently learning Python and exploring backend development to become a full-stack developer.
Motivated to apply these skills in real-world projects and achieve my career goal of working at Google.

ADDITIONAL INFORMATION

Proficient in C, C++, Python, HTML, CSS

Certified in Cybersecurity, Python, and Web Development

Built small projects; GitHub portfolio available

Strong problem-solving & teamwork skills; passionate about AI and ethical hacking.
